

For Immediate Release

**INDIANA RAIL ROAD ANNOUNCES ASSISTANT VICE PRESIDENT,
INFORMATION TECHNOLOGY**

Indianapolis, IN, Monday, March 7, 2022 – Over the past year, The Indiana Rail Road Company (INRD) began organizational realignments streamlining the management structure, recognizing future leaders that have demonstrated core values and skillsets to become future leaders of the company.

As part of this realignment, **Matt Haire** has been promoted from Director to Assistant Vice President, Information Technology. Matt joined INRD's IT department in 2004 as a Technology Specialist working on web development and internal web applications. After advancing to Manager of Information Technology and then Director of IT, Matt focused on implementing technologies and solutions that would increase efficiencies, reduce costs, improved service and reliability to support internal and external customers. This promotion is indicative of Matt's experience, expertise, and proven results demonstrated throughout his career with INRD.

“Informational Technology is a critical component to support our operation. Matt's leadership is being recognized for his unwavering desire to lead his team that deliver top quality support every single day.” said Dewayne Swindall, president and CEO of The Indiana Rail Road. “This well-deserved promotion will continue to solidify our strategic realignment.”

The Indiana Rail Road Company is a privately held, 250-mile railroad which serves southwest Indiana and eastern Illinois, connecting the entire North American rail network via strategic gateways at Chicago, Indianapolis and Newton, Ill. For more information on the railroad and its community involvement, visit www.inrd.com or find us on Twitter, Facebook, and Instagram.
