

# Freight Tariff INRD 8001 E Publication Updates

Effective November 24, 2022

## **New Items:**

### **Item 125: Conducting Business with INRD**

Customers who tender traffic on INRD must do so via RailConnect (also known as ShipperConnect), a web-based interface provided by Wabtec, which provides direct connectivity to INRD's Customer Service Department. For more information regarding RailConnect access, please contact your INRD Account Manager.

EDI transmissions for tendering traffic are also acceptable.

Any transaction, other than via ShipperConnect or EDI, sent to INRD for the purpose of tendering traffic, will be subject to a \$125 per railcar administration fee. Chargeable transaction mediums include, but are not limited to, fax, email, phone call, etc.

## **Added Items:**

### **Item 450: Cars Received in Error by INRD**

Added:

NS Louisville, KY: \$600 per car

PAL Louisville, KY: \$600 per car

### **Item 490: Handling of Empty Freight Cars**

Added:

Empty cars shipped via the Louisville, KY gateway will be subject to an additional charge of \$400 per car
